

DIVISION OF OIL, GAS AND MINING
DEPARTMENT OF NATURAL RESOURCES
IN AND FOR THE STATE OF UTAH

---oo0oo---

IN THE MATTER OF TENTATIVE
APPROVAL OF THE MINING AND
RECLAMATION PLAN PERMIT
APPLICATION SUBMITTED BY
IDEAL BASIC INDUSTRIES,
MORGAN COUNTY, UTAH

: NOTICE OF TENTATIVE APPROVAL
NO. ACT/029/011-
001

---oo0oo---

THE STATE OF UTAH TO ALL OPERATORS, TAKERS OF PRODUCTION, MINERAL
AND ROYALTY OWNERS, AND PARTICULARLY ALL PERSONS INTERESTED IN SECTION
24, TOWNSHIP 4 NORTH, RANGE 3 EAST AND SECTION 19, TOWNSHIP 4 NORTH,
RANGE 4 EAST, SLBM, MORGAN COUNTY, UTAH.

Notice is hereby given that tentative approval was given by the
Division of Oil, Gas and Mining on July 28, 1987 to Ideal Basic
Industries to conduct surface mining operations in Section 24,
Township 4 North, Range 3 East and Section 19, Township 4 North, Range
4 East, SLBM, Morgan County, Utah.

The name of the proposed mining operation is Ideal Cement -
Devil's Slide Plant and the person representing the company is
Mr. L. B. Giles, Plant Manager, Auxiliary Route No. 3, Morgan,
Utah 84050.

Ideal Basic Industries has fulfilled obligations under the Utah
Mined Land Reclamation Act of 1975 (Section 40-8, UCA, 1953, as
amended) with specific reference to Section 40-8-13 and will employ
the following mining and reclamation techniques on approximately
390 acres of privately owned land:

During Operations:

- 1) The projected mine life is 80 years. Open pit mining will be
used. Sparse overburden will be removed. The limestone and
sandstone will then be removed.
- 2) The mined material will be transported to the plant where it
will be processed into cement.

Following Operations:

- 1) All equipment and extraneous debris will be removed from the
mine site.

- 2) All disturbed areas, including roads, pads, and benches will be stabilized and graded to a rounded configuration with slopes not exceeding 2(H):1(V). Highwalls will be left in a stable condition.
- 3) Upon reclamation, available soil material will be spread over disturbed areas.
- 4) Standard agronomic practices will be used to prepare the seedbed for broadcast seeding. Disturbed areas will be seeded with native and introduced vegetative species.

Any person or agency aggrieved by this tentative decision is hereby requested to submit written protest within 30 days of the date of publication to the Division of Oil, Gas and Mining, 355 West North Temple, 3 Triad Center, Suite 350, Salt Lake City, Utah 84180-1203. Thereafter, at a time and place to be established, the person or agency aggrieved shall appear before the Board of Oil, Gas and Mining to show cause, if any, why this mine plan should not be approved.

DATED this 28th day of July 1987.

STATE OF UTAH
DIVISION OF OIL, GAS AND MINING

Marjorie L. Anderson
Administrative Assistant
